ENCLOSURE

STAINLESS STEEL NEMA 4X ENCLOSURES

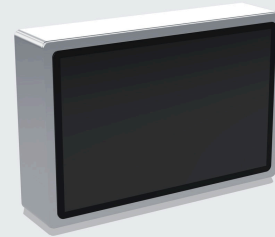

## BUILT FOR WASHDOWN. CUT FOR YOUR HARDWARE.

Hinged, gasketed stainless enclosures and HMI housings, made to order in 304 or 316L and configured around the panel PCs, touch monitors and mini PCs they protect.

### WALL-MOUNT ENCLOSURES

|                |                                                                                               |
|----------------|-----------------------------------------------------------------------------------------------|
| SIZES          | 65 sizes, 6 x 4 x 4 in to 60 x 36 x 16 in (H x W x D)                                         |
| MATERIAL       | 304 stainless, or 316L for chlorides, brine and harsh washdown                                |
| RATING         | NEMA 4X / IP66, manufacturer-rated                                                            |
| CONFIGURED FOR | Empty enclosure, an IMD mini PC (mount kit + 2 cable glands) or an IMD panel PC (door cutout) |

### HMI HOUSINGS

|           |                                                                                                                                |
|-----------|--------------------------------------------------------------------------------------------------------------------------------|
| SIZES     | 17 housings for IMD panel PCs from 7 in to 23.8 in                                                                             |
| MATERIAL  | 304 stainless                                                                                                                  |
| RATING    | IP65-type front seal with the display installed, manufacturer-rated                                                            |
| BUILT FOR | An IMD panel PC, or an IMD touch monitor + IMD mini PC; front panel with the display cutout only or + 4 x 22 mm operator holes |

#### — SIZED FOR REAL HARDWARE

Door cutouts follow the display maker's own drawings, so the panel PC drops in.

#### — TWO GRADES OF STAINLESS

304 for food, beverage and general washdown; 316L where salt or chemicals live.

#### — CUSTOM FROM YOUR DRAWING

Extra cutouts, holes and layouts: email the drawing and we quote it.
